

Next Version of MCA21:

Industry Consultation Workshop

**Workshop: Industry consultation workshop with potential bidders
(System Integrators and OEMs)**

Objective of the Workshop:

Ideation with potential bidders of the next generation of MCA21 application on:

- Better enforcement, with increased efficiency, through use of innovative solutions.
- Application of new / emerging technology for better service delivery.
- Robust engagement model for the next Implementation Agency.

Target participants:

Reputed System Integrators (SIs) and OEMs who are working or looking to work on large e-Governance projects.

Guidelines for participants:

- Only one registration per organisation shall be entertained.
- Only two people are allowed from each organization.
- Participants are requested to acquaint themselves with the MCA21 system and come up with objective recommendations.

Registration for the Workshop

- Interested participants should register their interest in participating in the workshop before **11.59 PM on 19/10/2018**. The requests can be emailed to **mca21v3@mca.gov.in**.
- Exact schedule and location of the workshop shall be communicated to the registered organizations subsequently.
