D.O.No.K-11025/11/2019-IEC(Part-I) / 635

9th September, 2019.

Dear Sir,

Since some parts of India is becoming water stressed, it is imperative to generate awareness towards water conservation and preservation amongst citizens of the country. Water conservation is a habit which needs to be developed among the citizens of the nation. The Department is incessantly trying to sensitize the public on the issues of water conservation and management through various modes and media like print media, electronic media and social media.

J.S.M.

In an attempt to provide an impetus to Department's efforts of water conservation, it had instituted **National Water Awards** last year for various categories including Best States, Best Districts, Best Village Panchayats, Best Municipal Corporations/other Municipal bodies, Best Schools, Best TV Shows, Best Newspapers etc. The winners of National Water Awards 2018 were felicitated with Awards at a function held on 25th February, 2019 at Mavlankar Hall, New Delhi. Through this, the efforts made in the field of water conservation and management by the participants was recognised by Government. We believe that this will not only motivate the participants to continue their good work but also induce others to vigorously attempt/replicate the best practices of water conservation and management. In continuation to last year, I am pleased to inform you that 2nd National Water Awards, 2019 has been launched by our Department for FY 2019-20. The last date of submitting entries is 30th November, 2019.

You are requested to take personal interest in publicizing these Awards so that no effort in the field of water conservation/management is left unrecognised. You are also requested to publicize this Award through your Ministry/Departments/attached subordinate offices and give wider publicity to these Awards so that a large number of entries are received in various categories. Central Ground Water Board (CGWB) has been made nodal agency for submission of application forms etc. for Awards. A detailed guideline including application form has been enclosed for reference. General public may be asked to refer to websites (www.mowr.gov.in) or (www.cgwb.gov.in) for further information.

2nd NATIONAL WATER AWARDS

Guidelines

2019

NATIONAL WATER AWARDS

1. Preamble

Water is one of the vital components of life. The rapid pace of irrigation growth, urbanization & industrialization has put enormous stress on water resources. Cumulative impact of increase in use of this precious natural resource has led to water scarcity in many regions of the country. Nevertheless, the climate change has also resulted in change in hydrologic cycle in the country. Hence, it is necessary that this scarce resource is protected by effective and efficient management on sound scientific methodology for its sustainable development.

The Ground Water Augmentation Awards and National Water Award were launched in the year 2007 with an objective to encourage all stakeholder including the Non-Governmental Organizations (NGOs), Gram Panchayats, Urban Local Bodies, Water User Associations, Institutions, Corporate Sector, Individuals etc. for adopting innovative practices of ground water augmentation by rainwater harvesting and artificial recharge, promoting water use efficiency, recycling & re-use of water and creating awareness through people's participation in the targeted areas resulting into the sustainability of ground water resources development, adequate capacity building amongst the stakeholders etc.

Considering the fact that surface water & Ground water are integral part of the water cycle, it was felt necessary to institute unified National Water Awards with the objectives of encouraging the stakeholders to adopt holistic approach towards water resources management in the country. In view of this, last year National Water Award 2018 was successfully launched by this Department and winners in different categories were felicitated with awards on 25th February, 2019 at New Delhi.

With the continued focus on recognising work done by people in the water sector and with a greater zeal to motivate more and more people to work towards water conservation and water management, Department of Water Resources, River Development and Ganga Rejuvenation is organizing National Water Awards 2019.
